

# HUDSON REPRO PARTS WEBPAGE

Here's a list of reproduction parts available for Hudson, Essex and Terraplane automobiles that are known to me. Please read next page for explanation of the type of items listed here, and a description of how the list works.

*Be sure to visit the Hudson-Essex-Terraplane Club's website at*

*<http://www.hetclub.org/>*

*For all sorts of resources on Hudsons!*

And join us on the Hudson Open Forum at <http://forum.hetclub.org/>

*Revision #19 – 2-25-17 (previous revision 3-13-15)*

# LIST OF REPRODUCED PARTS AVAILABLE FOR HUDSON-BUILT AUTOMOBILES

Please note the date to be sure your list is current. This list only covers parts which are specifically being reproduced for Hudsons. It is not intended as an interchange list for common items that fit many years or makes of car. (Some exceptions may be made for very scarce items which are made for one brand of car but are discovered to fit Hudsons.) I do not list companies that rebuild your part (such as steering wheels), or will reproduce a particular item from scratch. In general, the items here are not “one-offs” or new-old-stock that will eventually be depleted; they will be available into the foreseeable future.

When a supplier maintains a catalog listing its parts, I have listed that company under "Catalog Links" (see next page). The remainder of this website is a listing, by category, of parts made in small numbers by individuals or companies which do not maintain on-line catalogs.

Reading the table below: Items which are available “off the shelf” are denoted “A”. Items which are made up on a per-order basis, on demand, are listed with a “D”; these could take from a few days to a few weeks to prepare. Where the customer must make some modification (like plating a bronze casting, for example) this is noted in the description. “NA” means the item had no separate Hudson part number, originally. A key to the names on the Vendor Code column is listed at the bottom – as a courtesy, **I have added an “X” to the e-mail address of individuals** (not companies) to spare them from the Grim E-Mail Reapers; **delete the X** before sending! No prices are shown since updating them would be a very complicated process.

A listing here does not constitute an endorsement of a product. You are encouraged to contact the seller and ask questions. This list is maintained by a volunteer who is not responsible for incorrect information.

Please advise me of any changes or additions, at [XTerraplane@verizon.net](mailto:XTerraplane@verizon.net) , delete the X before sending.

Hr=Hornet, C=Commodore, T=Terraplane, P=Pacemaker, W=Wasp, SW=Super Wasp, HS=Hornet Special, E=Essex, H=Hudson, Met=Metropolitan

**NOTE: I DO NOT SELL PARTS!**

## CATALOG LINKS (companies with on-line catalogs)

Click blue hyperlinks to see company catalogs; their products do not appear on this repro list.

**21st Century Hudson** (Randy Maas) - Hudson engine parts, suspension and steering parts, and gasket kits Timing chains 1948-56.
